REMARKS

In the present Office Action, claims 33-113 were examined. Claims 33-113 are objected to, and no claims are allowed.

By this Amendment, claims 34, 35, 38, 40, 41, 44, 46, 47, 55, 56, 58, 59, 63, 64, 65, 68, 69, 70, 73, 76, 79, 80, 83, 84, 94, 95, 98, 99, 100, 103, 106, and 107 have been amended, no claims have been canceled, and no claims have been added. Accordingly, claims 33 to 113 are presented for further examination. No new matter has been added. By this Amendment, claims 33-113 are believed to be in condition for allowance.

Explanation of Above Amendments

These amendments merely delete the words "mono-phase", "two-phase", and "three-phase" from the preambles of various dependent claims. The preambles of all the claims now consistently recite "The boost bridge amplifier". Thus, it is believed the rejection under 35 U.S.C. §112, second paragraph, has been overcome.

If the Examiner has any questions or believes that a discussion with Applicant's attorney would expedite prosecution, the Examiner is invited and encouraged to contact the undersigned at the telephone number below.
